

SAMPLE TELEHEALTH SAVINGS

You don't need to go to a doctor's office, urgent care center or emergency room for simple health issues like cold & flu symptoms, allergies, sinus infections or respiratory infections. With telehealth from DentalPlans.com you can use your phone, computer, or tablet to get a quick diagnosis and treatment (including prescriptions) from a locally-licensed doctor.

Check out the savings you could see by avoiding unnecessary visits to your primary care doctor, urgent care, specialist and the ER.
