Toothfairy Origami Tooth Envelope

Instructions:

1. Fold the paper in half to form a triangle. Make sure your edges are even.
2. Take the top corner of the first layer, and fold it down to the bottom edge.
3. Fold the right corner about 1/3 of the way to the left.
4. Take the left corner, and fold it to the other end.
5. Fold the point of the left flap back over to the left edge.
6. Fold the point of that flap up towards the center to create a diamond shape.
7. Fold the very top point down to the bottom edge, and put the top flap into the "pocket" to form an envelope.
